It is ordered that mass conventions be held to select delegates to the District Convention in each county on Friday, September 13th, 1907, at 1 p. m., standard time, at the county seat of Mason county and the county seat of Lewis county, to select 24 delegates in Lewis county and 20 delegates in Mason county to attend the District Convention at Vanceburg.

It is further ordered that the County Committee in each county shall give due notice of same.

PLACARDS were placed in every police station house and engine house in Louisville bearing a copy of the order of the Board of Public Safety of July 22d, prohibiting the soliciting of campaign funds from members of the Police and Fire Departments. If this rule is adhered to the Republicans ask only a fair count to carry Louisville by 5,000 majority.

JUDGE PARKER announces that he will never again be a candidate for President, and JOHN D. ROCKEFELLER declares that he will give out no more interviews. What a dull country this is going to be.—Portsmouth Blade.

How about the Caleb Powers trials and BILLY BRYAN's perennial office-chasing, and HARRY THAW's trial, and Senator FORAKER harping on the Brownsville affair, and so forth, and so forth, and so—.

To evidence the inconsistency of the Democratic party, Governor FOLK of Missouri, who is a doer as well as a talker, and is a statesman in the concrete, as it were, cannot even command the vote of his own state for President, but BRYAN, the abstract spouter, can have Missouri's vote solid, and is likely to again carry the Democratic banner to another ignominious defeat. Governor FOLK would poll a half million more votes than BRYAN.

THE WIDOW WAS GAME.

A lawyer was entertaining dinner guests recently with stories from his personal experience.

"A woman came into my office one afternoon and said she wanted to see a lawyer on a rather important matter," he said. "She was very prim and self possessed."

"What can I do for you?" I asked.

"Well," she said in an easy tone, "my husband was hurt in the wreck the other day."

"I noticed she was dressed in mourning, but from her indifferent tone I gathered that it had no connection with her husband's death."

"Was your husband badly injured?" I asked.

"Yes," she answered in the same quiet voice. "He got his head cut off."

GREW MISS CARROLL'S HAIR

AND WE CAN

## PROVE IT

### Beautiful Hair At Small Cost.

WITHIN the last decade great and rapid strides have been made in medicine. Many diseases that were considered incurable fifteen years ago are now cured in a few days, and in many cases prevented altogether. The scientists of late years have been delving for the cause, the foundation, the reason and the starting point of disease, fully realizing that the actual and true cause must be ascertained before the remedy can be located. Hair troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, or the reason that it is simply a product of the scalp, and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture, or nutriment, and when baldness occurs the scalp has simply lost all of its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural and logical thing to do in either case is, feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

### Dr. Knowlton's DANDERINE

is the only remedy for the hair ever discovered that is identical with the natural hair foods or liquids of the scalp. It feeds and nourishes the hair and does the work originally carried on by the natural nutrients or life-giving juices generated by the scalp itself. It penetrates the pores of the scalp quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One twenty-five cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself. Now on sale at every drug and toilet store in the land. Three sizes, 25c, 50c and \$1.00.

FREE To show how quickly Danderine acts we will send a large sample free by return mail to any one who sends this advertisement to the Knowlton Danderine Co., Chicago, with their name and address and 10 cents in silver or stamps to pay postage.

MRS. NANNIE FRANCES WAITE.

After an illness of four months, borne with Christian resignation and fortitude, Mrs. Nannie Frances Clark Waite fell asleep in the arms of her Redeemer yesterday morning at 7:45 o'clock at the home of her father, Mr. Phillip Clark, in West Second street, aged 19 years, 10 months and 17 days.

The deceased was born in this city where she grew into womanhood loved and admired by a wide circle of relatives and friends. Ten months ago she became a happy bride, and together with her husband, Mr. C. F. Waite, removed to Carrollton where she enjoyed a blissful domestic season until taken ill with a disease that death alone could satisfy.

Four months ago she returned home, and since then has been tenderly ministered to by a solicitous father, affectionate sisters, and tender care of her aunt, Mrs. Nannie Courtney, who filled the place of a mother in devotion.

Besides a husband she leaves a father and four sisters—Julia, Agnes, Nellie and Rosa Clark of this city.

While the sympathy of the community goes out to the bereaved family, to the doubly stricken husband, whose head is bowed in grief over the loss of two dear ones—wife and father—whose passing to the great beyond was only separated by a few hours, to him, also is the full measure of condolence extended.

The funeral will take place tomorrow morning at 9 o'clock from St. Patrick's Church, with services by Father DeBruyn. Interment in Washington Cemetery.

### PRESERVED DAVIS BIRTHPLACE

#### Matter Will Be Taken Up at Reunion of Orphan Brigade at Glasgow

Gen. Simon B. Buckner has written to Captain John H. Weller, President of the Orphan Brigade, that he would, at the reunion in Glasgow, Ky., yesterday move that steps be taken to secure and preserve the Jefferson Davis house in which the first and only President of the Confederacy was born, in Todd county, Ky.

Mr. Davis was a great admirer of the Orphan Brigade and was pleased to refer to the fact that he was born and educated and married in Kentucky.

### IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Maysville Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Maysville people testify to permanent cures.

W. H. Paul, carpenter by trade, living at 333 East Third street, Maysville, Ky., says: "I value Doan's Kidney Pills as highly today as I did when I first used them in 1899. I got a box and used it for a pain in my back and other evidences of a disordered condition of the kidneys which had given me much trouble for two years or more. This remedy acted promptly and I was soon cured. I did not notice any of the difficulties until a year ago. I again procured Doan's Kidney Pills and all symptoms of the trouble were quickly and thoroughly removed. Since then I have not noticed any signs of trouble of any kind arising from my back or kidneys. I most cheerfully re-endorse Doan's Kidney Pills for they are certainly worthy of recommendation."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

#### FEARIS.

And it still rains.  
Fairs are ever, what next?  
Some dry weather would do good to corn and tobacco.  
Thomas Fearis has gone to the city to resume work in a hotel.  
Our roads need many repairs, but they only get a lick and a promise.  
This place was well represented at the Maysville show and the Manchester fair.  
Well, the Regimental reunions will now take place, the melancholy days will come and then Xmas and 1908.  
The old G. A. R. comrades last meeting were at the Fair or mauling rails, as they failed to show up.  
Uncle Sam wants to establish the M. O. business at this office in order to keep the P. M. awake and have something to do. It's not fair for the P. O. Dept. to place extra work on fourth class P. M.'s without extra pay.  
Rev. Harrop held Fourth Quarterly Meeting here Saturday and Sunday a. m. The attendance was rather small. Several of the brethren attended a bull fight in the evening and Brother Lock preached at the night service, so you see we are ready for the new map.  
Some one remarked that there would be an election this fall. Well, would it not be wise and fair to have one under the old law? There would be a change the first round. Politics is the science of government, but politics of today and primary elections are a disgrace to any Nation.

#### PYROMANIAC

#### Makes Second Attempt to Destroy The Courier-Journal Building

Every newspaper man in the country regrets that fate has again visited The Courier-Journal building at Louisville with the scourge of fire. The first fire occurred only two weeks ago and the splendid Courier-Journal Building and plant was damaged to the extent of \$200,000. On Wednesday afternoon the second fire broke out in the identical place where the first started, and raged with ferocity for over an hour, the loss reaching \$25,000 before the department mastered the flames.  
Clarence Lutz, a young fellow, is under suspicion of being the person who fired the building both times.  
The Courier-Journal and Times, both are battling nobly and successfully against these fiery obstacles and are undaunted over a situation which would stop the wheels in many offices.

After a hard fight the Redmen, in session at the Jamestown Exposition, decided to erect their "Long House" at Louisville. It will cost between half a million and a million dollars and will probably be ten stories high.

CONLEY—NOYES.

Last evening the handsome suburban residence of Mr. J. B. Noyes was the scene of a pretty home wedding, the occasion being the marriage of Miss Mary, the only daughter, to Mr. Alvin Sellars Conley of Blaine, Ky.

The house was beautifully decorated with a profusion of flowers in drawing-room, halls and rooms, even the back veranda being inclosed with boughs and blossoms, while over the whole was the soft light of lamps and candles throwing a soft glow over the handsomely dressed assemblage.

Promptly at the appointed hour the first strains of the Wedding March were heard from the stringed instruments, and Masters Horace Clarke and Louis Bell Threlkeld marched through the rooms with the long white ribbons, forming an aisle an stilling the merry company into an attitude of expectancy. Following them came Misses Florence Rogers and Ora Randall, most becomingly attired in white net over taffeta, who took their places at the sides of the large bay window, which had been converted into a floral bower and was the scene of the impressive ceremony. Next came the bride and groom, who were met by Rev. W. W. Akers in the alcove. The bride, also beautiful in white net and baby Irish lace, the charm of which was enhanced by the filmy folds of the veil, caught by orange blossoms, and the bunch of bride roses she held in her hand.

After the marriage the happy pair were almost overwhelmed with congratulations and good wishes, followed by refreshments worthy a wedding occasion.

The bride is one of Maysville's best women, charming in person and manner and popular alike with young and old.

The groom is a prosperous young banker of Blaine, Ky., where he is held in high esteem.

A large number of beautiful and handsome presents testify to the regard in which the couple are held.

#### A HOWL FROM GEORGIA

#### New Temperance Law Bars Wine From the Lord's Supper—Loud Protest Goes Up

Upon a strict construction of the prohibition law which goes into effect in Georgia January 1st, 1908, it is held it will be unlawful to administer wine at the communion table. This feature of the law is causing loud protests.

Grand juries throughout the state have adopted the following resolutions:

"After January 1st, 1908, every Minister who hands sacramental wine to his members will subject himself to as many indictments as there are members.

"Every deacon who hands the sacramental wine to the members of the Church will subject himself to as many indictments as there are members.

"We petition the General Assembly of Georgia to make such amendments to the law as will allow the Christian people of this state to worship God according to the dictates of their own conscience without violating the laws of the state."

#### GENERAL SANTA ANNA

#### Of Mexican Fame Once in Maysville En Route to Washington City

Sunday's Lexington Herald prints a readable communication written by Colonel M. H. Stitt. The article refers to the trip of Ex-Dictator, Ex-President and by name General Santa Anna De Lopez, from Mexico to Washington City in 1837. Under the terms of surrender General Santa Anna had to make his appearance at Washington, and the trip carried him over the Maysville and Lexington turnpike. Santa Anna and his party passed through Lexington January 17th, 1837, and was seen by Colonel Stitt at the historic roadside inn conducted by John Throckmorton, Esq. 2 1/2 miles North of Millersburg. Mr. Stitt was quite young at that time, but he remembers him distinctly, and is today probably the only living man in this part of Kentucky who ever saw the renowned Santa Anna.

This is the Santa Anna who peremptorily demanded General Zachary Taylor to surrender at Monterey. General Taylor replied in the now historic words—

"I respectfully decline to entertain your proposition.—Z. Taylor."

## MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

#### Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Notewhats Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham: "I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.
